

Charmaine Clubb for Access Officer

WHY ME?

- As a fresher, I have fewer academic pressures than most and so can dedicate more time to the role.
- Anybody who has seen my room knows that I am extremely (borderline OCD) organised!
- I am passionate about widening access to higher education/Cambridge and breaking down the “Oxbridge stereotype.”

MY EXPERIENCE:

- I have helped out at open days and given tours around my secondary school.
- I took part in an access initiative teaching English to prospective 11+ students with English as their second language.

MY AIMS:

- Continuing the smooth running of our current access initiatives such as the shadowing scheme and access bus trips.
- Using the CUSU e-mentoring platform to pilot a Peterhouse e-mail mentoring scheme.
- Arranging an additional access bus trip to West London, specifically targeting schools with a high proportion of BME students in order to improve access to ethnic minorities.
