

I'm Paul Heller, A first year Philosophy student and I want to represent

For Bar and Buttery Rep!

- **Abolish/Reduce corkage:** Many other colleges already do not have to pay to bring wine. Keep cheap wine cheap!
- **Rethink food pricing:** In particular looking into abolishing the kitchen fixed charge in favour of slightly higher prices (depending on student feedback) and options for small portions
- **More feedback options:** Implementing surveys to feedback to at least myself (and hopefully the kitchen staff directly) about what food meals you want to see more and less of, especially for those with specific dietary requirements
- **More beer options**

Tucking in to a nice meal

Thinking about improving Bar and Buttery policy
