

Johanna Winder for Charities, Campaigns and Environment Officer

About me:

- I am a second year Bio Nat Sci studying Plant Sciences and Zoology (and I love all plants and animals!)
- I'm Canadian but grew up in Malaysia

Reasons to vote for me:

- I'm very passionate about conservation biology and try to lead an environmentally ethical lifestyle
- Member of the Green Impact team—aware of the changes we are already trying to implement
- I was on the Green Council of my school—experienced in what kinds of steps are actually realistic and how to implement
- Member of the CU Wildlife Conservation Society
- Experience with charity work—taught English to Burmese refugees for 4 years, so I have first hand experience of the kind of work charities do

Charities:

- Last year we didn't have a fundraiser for a charity of our choice — I'd like to organise one this year
- Current ideas include a second hand sale, or maybe co-organising an event with another college or JCR officer (e.g Ents)

Campaigns:

- I loved the way Green Week was implemented this year and would aim to continue that
- Increased communication about events such as the Biodiversity survey and University-wide events that relate to environmental issues

Environment:

- Make the actions of the Green Impact team more visible so people know what actions have been taken
- I want to organise a collection for spare plastic bags, so that there will be a selection available in the Plodge for anyone on their way to the shops, so you don't have to get a new one if you forget while on your way!
- Raise awareness about ethical food and goods consumption (carbon footprints of different foods, the dangers and prevalence of microplastics etc...)
