

Gemma Kinsley

For Fresher's Rep!!

Vote for Gem!

I would like to be the Fresher's rep mainly because of how amazing my fresher's week was. To be able to do it all again and allow the next set of freshers to enjoy being welcomed into our Petrean family as much as I did would be amazing.

Having so-called "won" freshers this year, I think I can provide a great time for freshers. I attended many of the events held from pub-crawls to theatre outings, so I can provide events for all freshers, no matter what their interests!

As a chatty, and approachable person, and someone who is constantly happy 24/7! I can allow the freshers to settle in with ease and give them the assurance that they can message me about any issues they may have regarding settling in to life at Peterhouse, I will be able to point them in the direction of other members of the JCR for more specialised advice such as welfare issues.

The aim is to allow them to have an unforgettable week, just as I did and to have someone to talk to throughout the term as someone with recent experience of being a fresher at Peterhouse, should they find they are struggling with anything.

From trips to the Fitz, to Wednesday cindies, to tours of the college, to anything the freshers would be interested in doing, I would be an ideal candidate for this position. I will make the most memorable week to start off their University life.

You know you want the freshers to be this happy come matriculation day!!
