

EDWARD GURTON

JUNIOR TREASURER

Why Vote For Me?

- **Competency as Treasurer**

Despite being a historian, I can assure you that I am perfectly competent to do sums and operate a spread sheet. Having spoken and dealt with previous treasurers, I already know what the job entails and would be able to make a running start.

- **Efficiency**

If you elect me, I promise to do things as quickly as possible. As a historian, my hours are very flexible so I can almost always give priority to my responsibilities as treasurer. This will include promptly moving the newspapers from the porter's lodge.

- **Sensible Committee Member**

I have a good idea of what most committee members do and how a lot of things work in college. If you elect me, I will use this knowledge to advise the committee and provide sensible suggestions during meetings.

- **I Will Buy the Amenities That You Want**

Since the role of Junior Treasurer now includes those responsibilities formerly held by the Amenities officer, it would be my responsibility to purchase things for the JCR. Whilst there are a few little things I would buy on my own initiative (a remote for the TV in the bar, new PS3 controllers), I will do my best to consult with everyone in college and buy the things that you want to have.
