

Joyce Qu For First Year Officer

☆Who am I?

Hello !!!! I am Joyce(Youjun) Qu, a first year Phys Natsci, also an international student from China ☺

☆Why me & What I will do if I got elected?

1. Being a **fresher** and an **international** student from a country far away, I understand how homesick/miserable you can get. If you sit in your room, ALONE, when you go to a whole new environment.

→I will work closely with Entertainments Officer to **organize an exciting Freshers' Week!**

Plus, I will also work with the International Representative to make sure that the international students arriving early are aware that there is ALWAYS something to do and someone to talk to/have a meal with.

2. I **LOVE** my college family!!!

→Assigning college parents to the incoming freshers is the most important thing I need to do before the new academic year starts. I will do this in a very, very **serious** manner!!

3. I AM **PASSIONATE AND CHEERFUL!!!!!!!!!!**

→As the first port of call for all incoming undergraduates, I am friendly, cheerful and sometimes hilarious. I am sure this personality will make them feel less nervous about the 'mysterious' college life.

In brief, I will make the transition of “high school → university ” for freshers as smooth as possible.
