

James Stratford for AMALs Junior Treasurer

I'm James – a second year Engineer and I'm running to be the Junior Treasurer of the AMALs Committee.

Why me?

- Represented Peterhouse in Badminton, Croquet, Football and Pool (3rd team captain) as well as being a starter for the University American Football team.
- Have had multiple organisational/financial roles in college such as: being the producer of the 2012 Heywood Fresher's play, being the 3rd Pool team society treasurer and the sports section editor for the Dodo.
- Also held positions in school such as finance and managing director of multiple Young Enterprise teams and managing a small student engineering scheme.
- Get along well with many of the captains and the other AMALs committee members.

What I'll do

- Keep the budget available online and thus viewable to all members at any time.
- Ensure applications and claims are dealt with as easily and promptly as possible.
- Assist with any issues or problems the clubs or societies may have.

Overall I feel I am suited to the role as I am reliable, easy to contact/approachable and always happy to help. I'm a keen member of a number of the college's societies and clubs and want to be able to support Peterhouse AMALs in improving further.
